OBASHI®
# Accredited Course with Certification

Accredited OBASHI Training

Date:

20 - 23 Jan 2015

31 Mar - 2 Apr 2015

27 - 29 May 2015

26 - 28 Aug 2015

6 - 8 Oct 2015

2 - 4 Dec 2015

OBASHI is both methodology and technology and is based around a core principle:
that IT exists for one reason- to support and manage the flow of data between business assets.

What is OBASHI ?
OBASHI is a methodology; a way of thinking that will help you get a clear picture of how your business works.

Accredited OBASHI® Course

Overview

OBASHI is a framework and method for capturing, illustrating and modelling the relationships, interdependencies and data flows between business and IT assets and resources in a business context.

OBASHI is a methodology; a way of thinking that will help you get a clear picture of how your business works.

Learning Outcome

• Understand how OBASHI supports the Business Strategy.

• Describe the benefits OBASHI can bring to an organisation.

• Understand the concept of dataflow.

• Be able to explain the purpose and use of a DAV and describe how it is constructed.

• Recall OBASHI Core Principles and Laws of OBASHI.

• List and describe the concept of Layers and Elements in OBASHI.

• Be able to explain the purpose and use of a B&IT diagram and describe how it is constructed (Including use of colour).

• Understand the laws of Digital Dynamics.

• Understand the OBASHI Rules and Relations (incl. relationship persistence).

• Understand the concept of Logical and Physical models.

I

Who Should Attend ?

Any IT Professionals -
Managers, System Analyst, Software Engineers/Integrators, Service Management Support Staff, Project Managers, Solution and Infrastructure Architects.

Any Non-IT Professionals -
Whose work involve with Systems, Auditors, Quality Assurance, Risk Analyst, People responsible for due diligence, strategic decision or corporate governance, negotiators for IT Contracts, Service level Manager, etc.

Approach

The event will be delivered by APMG approved OBASHI Trainers with practical experience of using the OBASHI methodology.

The style of delivery will be instructor-led with the trainer taking attendees through each elements of the course content and illustrating each key point with examples.

Questions and discussions will be encouraged throughout the event.

A summary of how each Process operates and the linkages that exist between the OBASHI methodology will be presented using OBASHI six layer approach.

Joining instructions including pre-course study pack and OBASHI manual are sent out approximately 1-2 weeks before the course start date. Typically pre-course preparation will require 6-8 hours of study.
